

# Energy Vocabulary Quiz A

Name:

Date:

Using the word bank below, match the words with their correct definitions.

Absolute Zero	Condensation	Conduction	Convection	Kinetic Energy	Potential Energy
Radiation	Refraction	Solidification	Specific Heat	Temperature	Vaporization

1		The transfer of energy due to differences in density in liquids and gases.
2		Stored energy.
3		Changing from a gas to a liquid.
4		Energy in motion
5		Changing from a liquid to a gas.
6		The bending of energy
7		The amount of energy required to raise the temperature of 1 gram of a substance 1°C.
8		The transfer of energy through the collision of molecules in solids.
9		Changing from a liquid to a solid.
10		A measure of the average kinetic energy.
11		The transfer of energy through electromagnetic waves.
12		Temperature at which all motion stops.
