

Energy Vocabulary Quiz B

Name:

Date:

Using the word bank below, match the words with their correct definitions.

Absolute Zero	Condensation	Conduction	Convection	Kinetic Energy	Potential Energy
Radiation	Refraction	Solidification	Specific Heat	Temperature	Vaporization

1		The transfer of energy due to differences in density in liquids and gases.
2		The bending of energy.
3		Changing from a gas to a liquid.
4		Changing from a liquid to a solid.
5		Stored energy.
6		Temperature at which all motion stops.
7		The transfer of energy through the collision of molecules in solids.
8		The transfer of energy through electromagnetic waves.
9		The amount of energy required to raise the temperature of 1 gram of a substance 1°C.
10		Energy in motion
11		A measure of the average kinetic energy.
12		Changing from a liquid to a gas.
